**You do not need
to upload this template,
just your artwork.**

Artwork Requirements

- Save file as a **jpg** or **pdf**.

- Do not scale your image.
- **Embed** all **images**, do not link them.
- **Text**: create or convert to **outlines**.
- Do **not include** the **dieline** in the artwork!
- White line is the die line (final size, cuts and punches)
- Blue area is artwork size, consider that what bleeds outside the white line will be lost.
